

WIN Series Flush-mounted boxes

The first choice for anyone wanting to work efficiently!

- Connector with patented bayonet lock
- Can be coupled on both sides
- 4x 3 screw domes
- Available in conventional and airtight versions

Always the right accessories

Quick-Fix

No more plastering
or gluing needed!

Sealing insert

...converts standard cavity
wall boxes into airtight vari-
ants at a later point.

Signal cover

...protects and covers
flush-mounted boxes
when plastering.

You can find further flush-
mounted boxes of the **WIN**
series as well as accessories
at win-series.com/de

WIN Series
